

1.3. Boats and Motor Craft

1.3.1. Motor Craft

Any boat that is propelled by other than wind or human power.

1.3.2. Machinery Space

Spaces that contain permanently installed engines for mechanical or electrical power or propulsion.

1.3.3. Ignition Source

Any item or substance capable of an energy release of a type and magnitude sufficient to ignite any flammable mixture of gases or vapors that could occur onboard the vessel.

1.3.4. Personal Watercraft

A vessel less than 4 m in length that uses an internal combustion engine powering a water jet pump as its primary source of propulsion and is designed to be operated by a person or persons sitting, standing, or kneeling on rather than within the confines of the hull.

1.3.5. Accessible

Capable of being reached for inspection, maintenance or removal without disturbing the permanent hull structure.

1.3.6. Cargo

A product that is transported for trade and not used for the vessel's operation.

1.3.7. Deck.

A horizontal division in a vessel's structure.

1.3.8. Deck Covering

A material applied to a deck for purposes of increasing the fire or thermal endurance of the deck.

1.3.9. Joiner Construction

Nonstructural partitions used to subdivide compartments, such as bulkhead panels, doors, windows, insulation, ceilings, connectors, and interior finishes.

1.3.10. Lining

Structural components, such as suspended ceilings or curtain bulkheads, which are non-load-bearing or used for aesthetic purposes.

1.3.11. Towboat (Tugboat)

A towing vessel is vessel that is engaged in pulling, pushing, hauling along side or a combination thereof to tow away the boat in emergency.

1.3.12. Survival Craft

Craft capable of sustaining the lives of persons in distress after abandoning the vessel on which they were originally carried.

1.3.13. Dhow

Generic Arabic term for a sailing vessel.

1.3.14. Vessel

Watercraft of any type.
